"I wanted to go as big as possible in college. I wanted to do amazing internships, study overseas, and be prepared for all of the amazing opportunities open to me. Bryant helped me do all of that. Studying Economics here is about big picture analysis and understanding how everything works together."

INSPIRING FACULTY

Our esteemed Economics faculty include award-winning educators, dedicated mentors, and world-class experts in the fields they teach and in research. They combine the latest theory with direct experience. These caring and supportive professors get to know you as an individual in our close-knit, student-centered community. You'll acquire knowledge and experience as well as develop a global perspective, critical thinking abilities, and other skills highly valued by employers and graduate schools.

THE ECONOMICS FACULTY INCLUDES:

- A consultant to The World Bank.
- The associate editor of the *British Journal of Economics, Management & Trade*.
- An expert on gender and race inequality and poverty in the labor market.
- Experts on behavioral, experimental, and sports economics as well as shadow economies.

The faculty at Bryant inspired me to seek a career in economics. The Economics program gave me the skills and experience I needed to land internships and a full-time job where I apply economic analysis to business issues.
